## BRENDA SCHWARTZ-YEAGER

MARINEARTIST.COM

A 4th generation Alaskan, Brenda Schwartz-Yeager has made her living on the water and as a working artist. She shares these experiences with those who love Alaska coastal scenes as she does. Her unique style incorporates classic watercolor technique, combining the creativity of wispy painterly backgrounds with accurately detailed marine vessels and scenes. Many of her images represent the distinct blending of watercolor imagery on preserved navigational charts.

## Artwork of Coastal Alaska

Brenda's paintings consist of scenes of coastal living: remote inlets, skiffs cutting through the water, quiet harbors on a foggy morning, and commercial fishing boats slicing through the deep blue sea. These scenes of the true Alaskan experience are captured timelessly in watercolor.
